

Osmington Bay Update – 20/6/14

The second day of our school residential at PGL (Osmington Bay) has been full of fun and adventure for the children! The day started with some abseiling and the trapeze, which Mrs. Morris came to watch. The children had to climb up a tall pole attached to a harness and onto a platform, then jump out to catch a suspended bar (which could be moved to make it more or less challenging!) before being lowered back down to the ground.

The nerves and fear of heights were soon forgotten with the cheering and support of all the children, teachers and volunteers and the exhilaration kicked in! What an achievement for all of our pupils, it was really great to see them all having a go and enjoying themselves.

After lunch, the dragon boat racing took place, in which groups of Children each had a long narrow boat with a dragons' head on it to manoeuvre across the lake. This required lots of communication and teamwork, and the children worked really well together and had a fantastic time. Dinner was followed by a disco and some of us watched the football before bed.

Love from Osmington
