

# School Newsletter

Monday 1st October 2018

As many of you will be aware, last term the governors and I wrote to and met with Sir Oliver Letwin, our local MP, about the financial situation of the school. This term, Sir Oliver has been in contact again and is exploring ideas to support us with a focus on pupil numbers. Our concerns about the financial situation we, as well as schools across the country, face continue. Headteachers from across the country have been working under the banner of the Worth Less? campaign.

Headteachers will have the full support of their Governing Bodies/Trusts as we continue to champion the best possible funding for all our schools. I/we will remain steadfastly determined, relentlessly reasonable and act without any political bias. These have been the hallmarks of our campaign work to date.

You will be aware of the challenges that schools up and down the country are facing. A mixture of rising costs and stresses on other support services has meant that for many years we have been being asked "to do more with less".

Under a challenging period of austerity for the Government we understand that there is not a bottomless pit of money. Accordingly, schools have played their part to work even harder and with greater efficiency on behalf of the children and families that we serve.

It is clear to all Headteachers, however, that matters are unsustainable. Frequently, we do not have enough money to meet the demands placed on our schools. On the ground, services and resources are cut to the bone and class sizes are increasing. At times, schools are even having to prop up our budgets with monies that should be targeted at those students from the most disadvantaged backgrounds, or those that have Special Educational Needs and Disabilities (SEND).

Under the umbrella of the campaign group 'Worth Less?', Headteachers have shone a light on the funding difficulties that we are facing. We acknowledge that the Government should be given credit for introducing a new National Funding Formula. Unfortunately, however, the formula itself is not adequately resourced/funded and therefore our budgets remain in an unacceptably poor state.

In July, the Institute for Fiscal Studies echoed what we have been saying for a long time and confirmed that, **in real terms**, school budgets have been slashed by 8% since 2010. <https://www.ifs.org.uk/publications/13143>

It is simply not good enough for the Government to state that "more money is spent on schools than ever before", when independent evidence clearly states that in real terms, this is simply not the case.

Headteachers will gather at Downing Street to insist that the chancellor and his colleagues at the Department for Education use the upcoming autumn statement to invest properly in our schools and your child's education. Many of the real terms cuts to our budgets should be reversed and urgent investment is required for SEND and post-16 budgets.

The support that we have enjoyed from parents and carers has been very welcome and we will continue to update you on all of our forthcoming actions. We are determined to campaign until a much better and fairer settlement is reached in order to support your child/children and the future prosperity of the country as a whole.

Thank you for your continued support.

So please contact Jackie Williams on [jawilliamsuk@yahoo.co.uk](mailto:jawilliamsuk@yahoo.co.uk) or 07947803069 if you would like to book a table for yourself or your child.
