Parent Governor

In our school we have provision for two parent governors and there is currently one vacancy. You are therefore invited to stand for election as a parent governor, or nominate another parent to do so.

No special qualifications are needed and the most important thing is to have a keen interest in the school and be prepared to play an active part in the governing body's work. However, we would particularly welcome nominations from parents with the following skills, knowledge or experience in:

- Early Years
- SEND

Training is available for all governors and this governing body has an expectation that those new to being a governor attend free induction training.

Welcome to the Class

If you were unable to attend our Welcome to the Class sessions, last week, the slide Presentations produced by the teachers will be uploaded to the website for you to view in the next couple of weeks.

Climate change

Fun fact ☺
The last decade was the hottest in 125,000 years.

It could become too hot to live in many parts of the world by the end of the century.

There is more carbon dioxide in our atmosphere than at any time in human history.

Arctic sea ice is rapidly disappearing.

Protect our planet. Protect our planet. Protect our planet. Protect our planet. Protect our planet.

CO2 is at it's highest in two million years.
